EducationCity.com
Year 1 - Year 6

Dear Parents/ Carers,

Educationcity.Com is a fun way to learn and consolidate the learning that is happening in school. It forms an integral part to the homelink learning that is provided by Bransgore.

Educationcity.com uses flash animation games to create a fun way to learn using a computer. On a twice a half termly basis new games are set that are tailored to the needs of individual children. The games are centred on the learning that is going on in English, maths and science and are designed to complement the work carried out in school.

On a regular basis I check that children are completing the games and making use of the facility, as well as looking at the progress children are making. I have been very impressed with the children in Elephants class this year; they really have been working hard! It is expected that children should spend at least half an hour over the course of a week on educationcity.com playing a variety of the games they can access.

I am fully aware that some children may not have internet access at home or may have difficulty using a home computer for EducationCity.com. If there is a problem accessing EducationCity.com at home and you would like your child to access the homelink at school please complete the slip below and I will make arrangements for this to happen. If your child has lost their password and user name they can ask for a reminder from the office.

New games have been added for this half term and will be updated again at the beginning of December.

Regards,

Richard Boase
ICT Leader

EDUCATION CITY REPLY SLIP : Please hand this slip to your class teacher

Child/ren Name: _____

Class: _____

We have no Internet access at home and would like our child/ren to access Educationcity.Com at school.

Signed: _____
