Dear Parents

International Link with School in Global Yaya

You may be aware that our school has formed an international link with a school called *Global Yaya* in Jakarta, Indonesia. The reason for initiating what it is like to live in another country and experience different cultures.

Your child has been linked with one international friend each. The enthusiasm shown by the children is immense and they cannot wait to start contacting and finding out about them. The first contact will be after Christmas. They will be exchanging information about themselves; where they live, what they like doing, when their birthday is etc.

Your child may wish to send photographs of themselves and the area they live in. If possible could your child please bring in these before the end of term. If you have any further questions please do not hesitate to contact me.

We look forward to sharing the information we get from our new friends. Have a lovely Christmas and a very happy new year.

Best wishes

Polly Gamper
Mars Class Teacher
