

Dear Parent / Carers,

Re: External Promotional Materials

As part of our learning at Brangsgore School we use photographs and video to record events in and around the school and use these images internally on notice boards and in classrooms.

I am writing to request permission (in line with the Data Protection Act) to use photographs of your child/children throughout their duration at Brangsgore School in external promotional materials. These materials will be used in media such as the school prospectus, school website, school blog, educational organisations and local newspapers. Please note these images will be viewed by the general public.

Could you please indicate below if you are not happy with the school using your child's/children's photograph externally and return the form to the School Office.

Thank you
Best wishes
