Dear Parents

Bransgore
Church of England
Primary School

Christmas boxes for Montenegro, Romania and Tanzania

Have you started your Christmas shopping? Whatever the answer I am sure we are all conscious that Christmas is not that far away and we will soon be making preparations for it.

In our comfortable life style, we sometimes find it hard to believe that there are children who will receive little or nothing for Christmas because of the situations within their home countries and communities. At Bransgore School we try to encourage our children to be compassionate and generous and so, with your help, we would like to support the Rotary International's scheme  to bring Christmas gifts to needy children in Montenegro, Albania and Tanzania.

The boxes and leaflets will be handed out from Friday 7th October. Please read the leaflet carefully before filling and wrapping the box as it provides important information about what is and isn't suitable. Rotary International is also asking that, if possible, you could tape £1 to the outside of the box to cover transportation costs. Please make sure that you label the box with the age group and if it is for a boy or girl. 

We have been involved with this scheme for several years now, and some children have received letters in return telling them how much the gifts mean to them.

The boxes will arrive in school on Monday 4th October and will be **collected from school on Tuesday 4th November** which does not give us much time, but I feel sure that you will want to be involved in this worthwhile project. **Please return your box to the front lobby by the above date.**

Yours sincerely
