5th December 2011

Dear Parents

Year 3/4

So where did this term go? We can't believe that it's nearly Christmas!

Christmas Big Sing and Exit Point

We are looking forward to you joining us for some singing on **Wednesday 14th December at 2.15 p.m.** in the hall. After singing, you are invited back to your child's classroom to share their learning from this half term.

IPC January 2012 - Inventions and Machines

Our new IPC unit after the Christmas holidays is 'Inventions and Machines'. During this unit we will be focusing on history, society, technology and art.

Our Entry Point for this unit will be on Monday 9th January. For this day in school the children are going to experience what life would have been like in the year 1900, without any technology that we experience today. We would like everyone in

Year 3 and 4 to be dressed in the style of the 1900s to make this day even more realistic - we thought you would appreciate the advance warning about possible Victorian outfits.

Christmas holidays!

We are definitely ready for the holiday and we would appreciate your support in ensuring that your child reads regularly during the Christmas break. Brightly wrapped presents with fabulous new books are always exciting on Christmas day and may even bring you some peace and quiet as well!!

Please remind your child about Mathletics too as it is important that children keep up to date with activities set by their maths teachers.

We wish you all a very happy Christmas and a Happy New Year.

Thank you for your continuing support.
