Can You Help?

Dear Parents,

The opportunity is coming up for Academy schools to apply for a grant from the DFE (Department of Education) for maintenance and improvements to Academy schools.

This is an excellent opportunity and if we are successful it could provide funds for us to do extensive improvement around our school.

We plan to apply with a robust bid aiming high, asking for as much as we can, in the hope that some if not all of our bid is successful.

If any parents have expertise in the following areas:

Surveyors, Architecture, Building (we need Quotations for each project)
Asbestos management, Replacement windows and doors, Roofing, Air Conditioning, Planning or Local Council and would be willing to help us with the bid, this would be greatly appreciated.

We need to move quickly and confidently to have a good chance with this bid. Please can contact me on one of the following if you are interested and would like more details.
