Dear Parent or Guardian

**Your child is now using Mathletics!**

Mathletics is a web-based learning program that integrates home and school learning via the Internet, using a unique username and password for each child. It allows children to develop their mathematical understanding in a fun and exciting way and to work at their own pace in their own time.

Mathletics has replaced Education City in Key Stage 2 because we feel that the educational benefits are huge as your child's maths teacher will be able to set activities that are in line with their current learning and access their results.

We recommend that you spend time looking at the programme with your child so that you can gain the greatest understanding of how Mathletics works. You can sign up to receive weekly reports to monitor your child's progress and achievement.

To register for this service:

- Visit [www.mathletics.com/parents](http://www.mathletics.com/parents)
- Complete the fields and click
- Record your new username and password (your child's username and password can be obtained from your child or his/her class teacher).

We will be holding an **Introduction to Mathletics** prior to the Parents Consultation evening at **5:15pm Wednesday 5<sup>th</sup> October**, in **Mercury Class** to demonstrate and explain how Mathletics works so that you are then in turn able to help and support your child. Please feel free to bring your child along so that you can work together during this session. There will also be child tutors available on the night.

Please fill in the slip below and return it to your class teacher so we know how many parents to expect.

Yours sincerely

Mrs Pollitt,

Mr Compton

Mr Smith

-----  
Please return to the school office - Mathletics

Yes I will be attending Mathletics at 5:15pm Wednesday 25<sup>th</sup> October
