Dear Parents

International Link with School in Global Jaya

As you are aware, your child has now got a friend in Jakarta, Indonesia. The response from the children has been incredible. They are forever asking questions about their friend and Indonesia.

I am writing to ask permission for your child to email and receive emails at home using their school email address. This way, the children could keep in touch as often as they like. I am aware that this needs to be monitored by an adult to ensure that all contact is appropriate. With your support and guidance, we could give the children greater opportunity to get to know each other. These children could be friends for life!

Those children without access to a computer or the internet could do so during enhancement sessions in school.

Please do not hesitate to contact me regarding this. I am very happy to answer any questions you may have.

Thank you for your ongoing support.
