

ES/LL 18.07.17

Dear Parents/Carers,

It's that time of year again when we all head off for a well-deserved summer break, but while you are off on your travels don't forget that your school needs you!

Banks and Building Societies won't exchange small denominations of foreign currency or coins when you return from a holiday, so you are always left with a few bits left over, hiding in a drawer or box somewhere. We are now offering you the chance to have a good clear out by collecting all your unwanted bits and bobs of foreign currency.

No coin is too small and it doesn't matter which country the coins are from, even if the currencies are obsolete. Notes are also accepted along with pre-decimal British coins and notes.

Ask your friends, relatives, work colleagues and neighbours if they have any old foreign currency, old British and Irish coins or notes that they no longer need.

Our collection bucket is waiting in reception and you can recycle all your unwanted currency into cash for the school playground projects.

See www.cash4coins.co.uk for more details.

So rummage for your ruble, rupee and rand, dig out your dinar, dollars and drachma, look out for loose lira, purge yourself of peseta and peso, fish out your francs and florin and give away your guilders to help your school.

Thank you!!
