Your Time To Shine Day

Thursday 19th October 2017

Dear Parents/Carers,

Hampshire Road Safety Team (road.safety@hants.gov.uk) have asked schools to take part in their 'Your Time to Shine Day' next Thursday 19th October.

Autumn has arrived, the clocks are going back soon and the evenings getting darker so both pedestrians and cyclists are far more vulnerable, whether they are on their way to school or out at the weekend.

Taking part in Hampshire's Road Safety Team's 'Be Bright Be Seen' campaign will highlight to everyone the importance of wearing reflective and fluorescent clothing to make themselves more visible to drivers and therefore much more safe on the road.

Everyone is invited to come to school on that day dressed in the brightest colours available so that you stand out and can be seen by motorists.

Children will be carrying out some activities on the day linked to road safety but no donations/fundraising are required. It's just about being seen which is such an important part of road safety.

We look forward to seeing everyone next Thursday in their most fluorescent and reflective clothing!

Thank you for your continued support.

Nikki Pollitt

Deputy Head
