Home Learning

Dear Parents/Carers,

We now have a situation where we have a significant number of pupils away from school due to someone in their household showing symptoms of COVID-19. As a result, we will be providing some online learning to help parents keep pupils learning and occupied productively over the next few weeks.

If school is closed completely, we have a different pack of learning all set and ready to go.

Twinkl is a web site that has provided activities and learning for all years of the primary phase. I would advise that you look at this first and select activities familiar to the children before moving on to new learning. Teachers will be available to offer e-mail advice and support to children who are stuck or need advice on any learning. A letter will come to you shortly with this information included.

For the moment please copy the link to Twinkl below to access a huge amount of online learning suitable for your child's age group and then use some of the other links, particularly the BBC to supplement and strengthen the learning.

<https://www.twinkl.co.uk/resources/parents/wellbeing-parents/school-closures-category-free-resources-parents>

KS2 (Year 3-6) pupils: Please have a look at BBC Bitesize for learning and SATs preparation. The link is here:

<https://www.bbc.co.uk/bitesize/levels/zbr9wmn>

Year 1 and 2 pupils there is lots of learning for you too:

<https://www.bbc.co.uk/bitesize/levels/z3g4d2p>

We still have Maths and English study workbooks for every year group available to purchase from the school office.

We shall keep you updated as the situation changes.

Best wishes and stay healthy.

Mr Brown
