Year 6 Production Costumes and Props

Dear Parents/Carers,

Rehearsals for our end of year production are well underway! So far, we are really impressed with the children's dedication and positivity.

The list below gives some suggestions as to possible costumes for our performance. If you are able to provide a suitable costume for your child this would be very much appreciated. However, if you are unable to source a suitable costume **please let us know as soon as possible**. If you have clothing that might be suitable for others, we would really appreciate these. Please label these items clearly so that we can return them afterwards.

Please could children bring their costume into school on a named coat hanger by **Friday 2nd of July 2021**.

At the bottom of this letter, there are some pictures of suggested outfits as well as a list of props that we will be needing for the show. If you do have any of these props, we would really appreciate them to be labelled and brought into school for our performance.

Unfortunately, due to the recent Government announcement about the delay of the 'Freedom Day', we will not be having a live audience for the production. Instead, we will be having a production team who will be coming into school to film the show, more information will follow about how you will be able to watch the production.

Thank you for your ongoing support and we are very excited for you to be able to watch the production from the comfort of your own homes.

Best wishes,

Mrs Edser and Miss Fitzpatrick

Costumes:

Evacuee Children:

Parents / Teachers:

The ARP Warden:

The Minister:

The Billeting officer (Barfoot) :

Props:

- All evacuee children to have a brown box for their gas masks (they do not necessarily have to have a gas mask inside!) as well as name labels.
